

## ABOUT US

At Omega Photography, it is the believe that all clients deserve the very best value and service available.

Providing both a highly personalized and tailored service to meet your individual needs, tastes, expectations, ensuring your treasured images will be enjoyed by generations to come.

The ability to adapt to surroundings, understanding that each wedding is unique, but still manage to capture all of the intimate and spontaneous moments that arise at the wedding and producing creative images that stand out from the crowd.

Your Wedding day will be captured digitally, at approximately 70-100 images per hour. This maintain the natural, candid style Omega Photography have become renowned for.

Creating images of a composed nature, yet free from stiff posing or dull detail is the commitment to natural beauty and photographic perfection.

Omega Photography will work closely with you to achieve quality results using only the best professional materials available.

As a professional business, the importance of memories are well known and how to best capture them for you.

Capturing your wedding day... true to life, is the mission.
